Hi Kelly,

I just left you a voice mail, but thought it might be helpful to see my inquiry in writing.

I am writing a story for tomorrow's paper about the Redwood City Saltworks development and a seemingly last-minute request from Jared Blumenfeld to place the determination of the geographic scope of the Clean Water Act jurisdiction for the project on the Region 9 Special Case List.

Do you know if it's actually now on the Special Case List and why the request was made just prior to slated release of the Army Corps of Engineers' final jurisdictional determination?

Why wasn't the EPA involved in this decision at earlier stages?

Thank you for your time.

Best,

Bonnie
